1998

### Education:

- University of Massachusetts  
1993 - 1996

### Professional Training:

- Sheryl Franks
- Alice Hayward
- Edouard Pliner

### Mission Statement:

I firmly believe that the lessons learned on the ice, i.e. goal-setting, dedication and good sportsmanship, as well confronting and overcoming fear, are lessons which can be used throughout life. As the mother of two children (one of whom is a competitive figure skater), I understand the impact a coach can have on a child's

experience with a sport. I strive to have my students leave our lessons with a sense of accomplishment, a love for the sport of figure skating and a fire in their belly to get back on the ice.
