PROGRAMS

Colonial offers a variety of programs to give figure skaters, young and old, many opportunities to participate, learn and achieve, promoting our vision as a community that celebrates a lifelong love of figure skating. Programs include freestyle ice, Synchronized Skating, Theatre on Ice, Aspire, Learn to Skate and other classes. Each skater may choose to participate in one or more activities, geared to their own time and interests.

FREESTYLE ICE

Colonial offers freestyle ice sessions from September through June. Member benefits include special pre-booking prices and priority booking as outlined in the Membership Levels Grid. The season is divided into three contract periods or seasons, that typically run 14 weeks. Skaters may book freestyle ice according to the following criteria.

MEMBER PRE-BOOKING

Colonial Members in good standing may “Pre-Book” ice during designated time periods, up to the maximum sessions allowed for their member type, at the premium “Member Pre-Book” price. Pre-Booking is only available during specified time periods unless a member is NEW to the club (and joined after the Pre-Booking period closed.) Pre-Booked sessions are considered contract ice, and are binding and non-refundable. Unlimited switches are allowed within an ice-booking season. A payment installment plan is available for all pre-booked ice.

GOLD MEMBER PRIORITY BOOKING

Gold members are eligible for priority booking, typically one week before general member pre-booking opens. In addition, Gold members accrue seniority based on years of membership, and members with the most seniority are given preference when they book during the priority period.

MEMBER ADD/DROP PERIOD

Members may make changes (Add/Drop/Switch) to their bookings for a season during the Pre-Booking period with no penalty. Bookings are considered final at the close of the Pre-Booking period, at which time they are binding and non-refundable.

MEMBER/NON-MEMBER OPEN BOOKING

After the Pre-Booking period closes, Open Booking is allowed up until the start of the ice-booking season. This is typically the one week prior to the start of the season. Members and Non-members may book additional sessions at the higher Drop-In price. There are no limits to sessions booked during this time, and members with pre-booking limits may add to their bookings at this time. All booked sessions are binding and non-refundable, although unlimited switches are allowed within an ice-booking season. A payment installment plan is available for ice booked during the Open Booking period.

MEMBER/NON-MEMBER WALK-ON ICE

Once the ice-booking season opens, all sessions are booked as Walk-On ice, at the Drop-In/Walk-On rate. Members and Non-members may book Walk-On ice in advance or up to the start of the session they wish to skate. Walk-On ice must be paid at the time of booking, and is non-refundable. Please note that all skaters must hold current USFS membership; Non-members are required to register and provide their USFS number to the Colonial office.

CANCELLATIONS AND SWITCHES

Skaters may cancel any session for any reason, as long as the cancellation is communicated before the start of the session. Cancellations may be done on the online booking portal up to the start of the session, however, if a skater is unable to complete the cancellation online, they may contact the office by phone or in person for assistance. The Walk-On value of the cancelled session goes into a Season Ice Credit account, and is available through the end of that ice booking season, at which time the credit expires and is not refundable.

Please note that cancellation credits are issued at the Walk-On value, even if the session was booked at the lower pre-booking rate. This allows the skater to use that credit toward another session without incurring an upcharge to the higher rate.

To switch from one session to another, the skater simply needs to cancel one, then use that Ice Credit to book another session.

CREDITS

If the skater does not return to skating for the following year, remaining Medical Credit will be refunded upon request. SYNCHRONIZED SKATING

Synchronized skating is a popular discipline both within U.S. Figure Skating and around the world. Synchronized skating is a team sport in which 8-20 skaters perform a program together. It uses the same judging system as singles, pairs and dance and is characterized by teamwork, speed, intricate formations and challenging step sequences. Elements in synchronized skating include blocks, circles, wheels, lines, intersections, move elements, creative elements, no holds elements, spins and pairs moves. (see [detailed list of elements](#)) Synchronized teams in the U.S. can compete in [14 different levels](#) according to the age and skill level of the team members.

There are so many benefits to participating in a team sport, and synchronized skating is a great way for figure skaters to compete in a sport they love while enjoying all aspects of working with others in a team-oriented sport.

We will be fielding the following teams for the 2022-2023 season:

- Aspire
- Preliminary
- Pre-Juvenile / Open Juvenile
- Intermediate
- Adult
- Open Adult
- Masters
- Open Masters
